

Have You Heard?
by Dorothy McCain Eلسenius

Mr. and Mrs. Wayne Ellis, former Marin Ave. residents now residing in Washington, D.C., recently spent some time in Albany, renewing old friendships with Mr. and Mrs. Michael Linchon. The Ellises, parents of Mrs. Evelyn Cohelan, wife of former Congressman Jeffrey Cohelan, were in California to visit their grandson in Santa Cruz, and a granddaughter in Berkeley.

Erv Clausen, guest speaker for Friday's Albany High Twelve Club meeting, was an eye-witness to the 1906 San Francisco earthquake and fire, which he will discuss. He was selling newspapers on the streets of downtown San Francisco when the quake occurred. He has a very exciting story to tell. The Club will hold "Ladies Day" so the staffers can also hear it.

Bouquets to the Albany Soroptimists, who are trying to do more for today's youth. They voted at a recent meeting to increase their scholarship awards and will award three scholarships, each up to \$400. Students attending a four year college, two year college, or business or trade school will be eligible to apply.

Albany bowlers are helping to send their junior bowlers to their state tournament—for each \$1 donated they have the opportunity to try for a strike in the 3rd, 6th or 9th frame of any game. These donations have enabled Albany Bowl to enter most of their junior bowlers in the Doubles & Singles.

WE hear that the "Red Cross" sign is up at the Red Cross office in Berkeley. Volunteers aged 12 to 20, will be needed to work this summer with community agencies, and the variety of part-time volunteer jobs may help young adults get an insight into what they may want to do in the future.

Jobs include helping in Child Care Centers, and at the Cerebral Palsy Center and the King School for the Trainable Mentally Retarded. Help is also needed in the wards and clinics at the Naval Hospital and in local convalescent hospitals. Swimmers will find instructor aides are needed in the "Learn to Swim" program.

Congratulations to Max Heinen of Curtis St. in Albany. . . Max, who is airport operations agent for American Airlines in San Francisco, recently received an incentive award check for \$2,100 for devising a statistical reporting system which will save the company considerable in its financial relations with government agencies.

Little League Board Action

Members of the Albany Little League Board of Directors discussed and acted upon several items of importance to the League, at their meeting last week.

One important item discussed, according to LL president, Jim Scoggins, was the mandatory ruling of the Board concerning the selling of Booster Tickets by the boys. It was explained that each boy is required to turn in \$10 worth of ticket stubs, as this is part of the operating fund, along with sponsors' fees, which is needed to keep the League going.

Another important item on the agenda was a communication from Little League Baseball National Headquarters in Williamsport, concerning the maximum hair length for all LL players.

According to the communications: "When wearing a regulation baseball uniform, one can lay the middle three fingers of the hand at the top of the blouse, and if the hair overlaps the upper finger it is not acceptable. When wearing the standard cap, or the Little League batting helmet, if the hair is too bushy or full to hold either a cap or helmet on the head without using pins, tape, etc., it will not be acceptable."

President Scoggins emphasized that "safety first" is the number one factor in Little League baseball.

Advisory Committee Report

After six months of study and deliberation, the Albany Advisory Committee presented its preliminary report to the Board of Education last evening at the regular meeting of the Board. The Advisory Committee made the following recommendations to the Board:

1. Do not rehabilitate any of the unsafe portions of Marin and Cornell Schools because of prohibitive cost.
2. Utilize the two K-3, two K-5, 6-8, 9-12 configuration as the optimum educational plan for the Albany School District, replacing condemned spaces with new ones.
3. Do not currently implement a program of year-round continuous operation of schools, because this is not feasible or economical in a small school district.
4. Provide some classroom spaces adaptable for school and community use.

THIS PICTURE of Albany's "Ned" Brown, proudly wearing his World War I uniform, accompanied by a news release on him, was seen in an East Coast newspaper by President Nixon, who instructed his Staff Assistant to write a letter to the veteran expressing his admiration and pleasure at Brown's patriotism.

President's Message To Albany Resident

Edward "Ned" Brown, Albany World War I veteran, charter member of Albany American Legion Post 292, and Albany's representative in last year's Veterans Day Parade, was recently honored by a letter from the White House, indicating that "Ned's" fame has spread from the West Coast to the East Coast.

The following is a copy of the letter:
Dear Mr. Brown:
The President recently had an opportunity to read an account of the 1971 Veterans Day activities in the City of Albany, California. He was pleased to learn you were singled out for special recognition at the program as a veteran of World War I and as one of the senior members of American Legion Post 292.

President Nixon was particularly gratified to read your comments about your love for our country and for our government.

Note of Thanks

The family of Anthony Celenzer wishes to thank all their friends, neighbors and acquaintances for their kindnesses, messages of sympathy and flowers at the death of our loved one.

Sincerely,

Mayors Meet At GG Fields

Alameda County mayors have agreed to support Senate Bill 147, which calls for the statewide licensing of bicycles, in an effort to stop bike thefts.

Under the proposed bill, bikes would be registered by the retailer with a permanent stamp, and licensed by a local agency with a decal. Fees would be set by the local agency, with 25 cents of the money going to the State.

Registration would be for a two-year period, and computer records would be kept of lost and stolen bicycles, for easy reference.

According to the reports received by the Mayors at their last week's conference at Golden Gate Fields, the bill recommended that the registration come under the jurisdiction of the Dept. of Justice. However, the mayors felt it should come under the Dept. of Motor Vehicles.

In agreeing to support the bill "in principal," they also agreed that they felt some amendments would be necessary in regards to the funding and accounting procedures.

The mayors also approved a plan, previously endorsed by the Association of Bay Area Governments (ABAG) in which recycled Bay Area garbage would be used as construction fill for Sacramento-San Joaquin Delta islands.

The plan would not only help dispose of Bay Area garbage, but would also help build up Delta lands, which have dropped 10 to 15 feet below water level.

The federal government would subsidize a demonstration project, which would extract metal from the garbage, shred the residue and extract the non-organic matter for recycling to use as construction fill.

It is estimated that five million acre feet of waste could be used in the Delta area, which would utilize approximately 100 years of Bay Area garbage.

Plans were also discussed for the 2nd annual Labor Relations Institute, which will be hosted by the City of Newark at the Silver Pines Country Club on Wednesday, May 10. The labor seminar will be attended by city councilmen, city managers and administrators, and labor relation representatives.

The recent Mayors' Conference was hosted by Albany Mayor Hubert Call and the City of Albany.

Deadline Nears

Don J. Hutchinson, Assessor, County of Alameda states that the deadline for filing a homeowner's exemption claim this year is Monday, April 17.

If you have not received a claim card, phone 835-5830 and request one. This exemption is available to any person who owned or was buying his home on March 1, 1972, and lived in it on that date. Your claim must be postmarked April 17th or earlier.

Hutchinson further states that the deadline for filing a veteran's claim is also Monday, April 17. Veterans are urged to file both the homeowner's and veteran's exemption claims. In the event the veteran's exemption of \$1,000 is denied, the veteran may then be eligible for the homeowner's property tax exemption of \$750.

Tickets at \$5 each may be obtained by contacting Terri Scoggins, 525-7230, or Fern Luoma, 526-1311.

NOTICE

Deadline for voter registration, to be eligible to vote in the June 6 primary, is April 13. Local residents may register at the Albany City Hall, 1000 San Pablo Avenue, or the Albany Fire Department, 1001 Marin Ave.

According to Alameda County Registrar of Voters, the 90-day residency requirements for voting in state and municipal elections is no longer in effect, except for aliens who must have been American citizens for 90 days before the election.

The 54-day precinct residence requirement still stands, however.

AHS Team Ties League Champs

By Marco Meniketti

The sun was obscured by clouds when the Cougar track team stepped off the bus for their meet in Livermore. But for the Cougars the day was bright, as they rallied to a 68-68 tie with the defending league champs.

The first race of the day went to Albany, as Mike Tom won the 120 high hurdles, Mike later went on to finish 2nd in the 180's of the same event. Heavyweight Ralph Fruguglietti won both the shot put and discus. His put of 54 feet 7 inches was far off his best.

In the 100 yard dash, Mike Shavers remained undefeated, as he posted a 9.7 sec. in the event, with senior star Dotson Wilson in 2nd place. Mike is considered the man to beat in Northern California. (The much boasted about sprinter from Livermore was not even close.)

Ruben Roy and Daryle Flenoid dominated the long jump, finishing 1st and 2nd respectively. Ruben's winning leap was 20 feet 9 inches.

However, the finest performances were yet to come, as sophomore sensation, Chris Bell, carved over 20 seconds off his best previous time, to take a strong second in the two mile at

Handicapped Recreation

A fun-filled three-week recreation program for educationally handicapped youngsters is going to be offered again this summer at the Strawberry Canyon Recreational Area on the U.C. campus, Berkeley, daily 9-12 a.m., July 10 - July 28. The program consists of swimming, field sports, music, arts and crafts, nature hikes, and it will be limited only if 20 children have been registered by May 1st.

It is not necessary that children be enrolled in special classes; they must have socialization and coordination problems of some kind. Ages included are 7-13 years and the cost is \$35.00. Some scholarship money will be available through the California Association for Neurologically Handicapped Children, and CANHC will try to help with forming car pools. Call Jordan Safine, Director, 642-5575, before May 1st if you are interested.

Campaign \$ Deductible

Persons contributing to political campaigns this year should insist upon receipts, if they want to claim a new federal tax break, according to the Internal Revenue Service.

Officials say a receipt will enable the taxpayer to claim either a tax credit or deduction safely, even if the person to whom the contribution is intended fails to meet the legal test of a candidate.

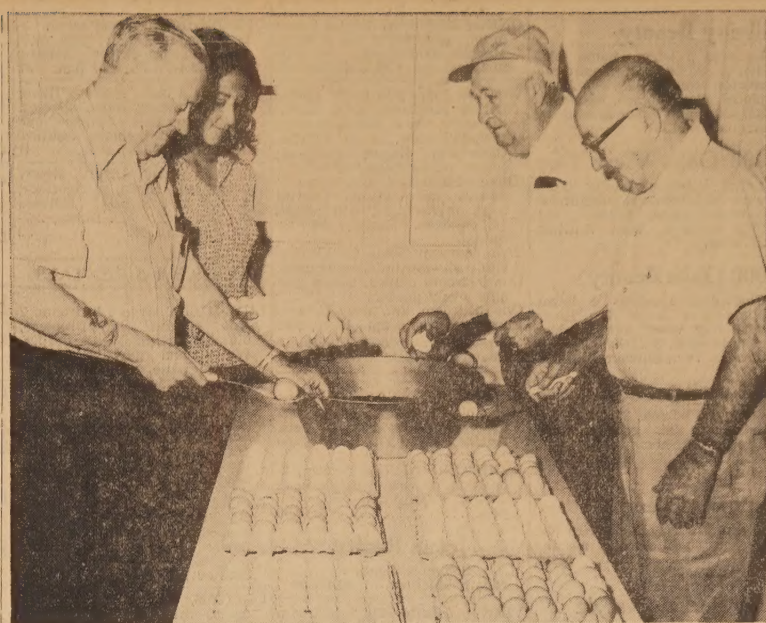

The IRS has issued temporary guidelines for the new law, which is designed to induce more Americans to contribute to political campaigns.

The law allows a tax credit of up to \$12.50 for individuals and \$25 for couples, or a deduction of \$50 for individuals and \$100 for couples.

A tax credit can be subtracted from a final tax bill, while a deduction merely reduces taxable income. According to IRS, most Americans are expected to use the credit.

Prize Winnings Are Taxable

California taxpayers who were lucky winners in lotteries, sweepstakes, raffles, or give-aways should report the fair market value of the prize on their federal income tax returns, according to R. F. Harless, district director of the Internal Revenue Service for Northern California.

Generally, the fair market value is what the item would cost if the taxpayer were to purchase it at a retail store.

Salesmen who win prizes or receive awards in company sales or promotion contests are also subject to tax on the value of the prize. Such gifts would include vacation trips to resort areas, and shares of stock or merchandise.

Awards received by employees for contributions to company suggestion plans are also taxable and should be reported as income on returns.

One type of prize which is not subject to tax, said Harless, is a prize received in recognition of past achievements in religious, charitable, scientific, educational, artistic, literary or civic fields, where the recipient is selected without action on his part, and is not expected to render any further services.

For more detailed information, order Publication 525, "Taxable Income and Non-Taxable Income," free from the District Director, Internal Revenue Service, 450 Golden Gate Ave., San Francisco, Calif. 94102.

Students' Mexican Fiesta

Two MacGregor School classrooms recently staged their own version of a typical Mexican fiesta, including a luncheon, bull fight and the traditional breaking of a pinata filled with candies.

Mrs. Terri Fayer's first grade class, and Mrs. Ann Smith's combined first and second grade classes prepared all of the food for the luncheon, as well as the props, decorations and costumes—which consisted of brightly colored ponchos and the señoritas' sparkling dresses and colorful flowers for their hair.

The festivities began with the

student luncheon, which consisted of homemade tortillas, refried beans, lettuce and tomato salad; plus apple, orange, bell pepper and carrot wedges, and Mexican hot chocolate flavored with cinnamon and almond, and lechín to give it body.

Brilliantly colored paper flowers of varied hues decorated the paper tablecloths that had been carefully designed in a Mexican motif.

Students wearing pull's horns and tails could be seen everywhere, as they were the stars of the highlight of the fiesta—the bullfight, which was staged on the playground, so that all the students from the other classes might see.

The Picadors studiously performed their duties by preparing the bull for the Matador, as the Señoritas threw their flowers into the "ring." But, alas, the bull (portrayed by James Alexander) turned out to be a "Ferdinand," who just sat around and smelled the beautiful blossoms.

The climax of the Fiesta was the breaking of the Pinata, and as the students excitedly scrambled for the candies, the teachers declared the event was over.

Live Wires

Ken and Marcia Kinney will show their slides of the Lion Safari Country, and the Queen Mary, at the Live Wires' meeting, Friday, April 14, in the Security Savings and Loan Friendship Room at 7:30 p.m.

Eddythe Purcell and Nettie Mae Garber will be hostesses for the evening.

A get-together party for those taking the group tour to Mexico will be held at Security Savings and Loan on Tuesday, April 18, at 7:30 p.m.

THE HIGH POINT of MacGregor School's Mexican Fiesta was the breaking of the Pinata, a traditional ceremony in any Mexican celebration. Here Dana Chavez prepares to make the first strike, as the excited onlookers wait in anticipation, for the goodies which will soon pop out. Onlookers include Leonard Johnson (behind Dana), and (l to r): Erin Potter, Gregory Bremer, Jimmy Harder, Judy Myers and open-mouthed, Lee Ann Blanchard. Mrs. Kathy Hall, student teacher from College of the Holy Names (far right) supervised the event. —Luoma Photo.
